Pierre Castel, Président-Fondateur

“ The demographic challenges facing Africa are unique in human history. It is the duty of those who are committed to the continent to support its people in this evolution and to encourage the development of its youth. ”

Pierre Castel, Founding President

Pierre Castel Endowment Fund, located at 9 Cours de Gourgue, 33 000 Bordeaux-France and the subsidiaries of Castel Group in Algeria, in Burkina Faso, in Cameroun, in Ivory Coast, in Madagascar and in the Democratic Republic of Congo, are organising the 5th edition of PIERRE CASTEL AWARD, from 1st March to 30th June 2022

The rules include 13 articles

I – Principles and goals

The Pierre Castel Fund is the result of a meeting between Pierre CASTEL and Pierre De Gaétan NJIKAM, driven by their attachment to Africa and their common commitment to the continent's young entrepreneurs. Their purpose: to contribute to the development of the agricultural and agri-food sectors, and to support the socio-economic dimension of the territory.

Since 2017, the Pierre Castel Endowment Fund - Acting with Africa has been part of this purpose by encouraging and supporting the development of agricultural and agri-food initiatives led by young African entrepreneurs and public and private institutions invested in the general interest.

With the help of its partners, the Fund has set up financing, training and networking schemes to make a concrete contribution to the current and future challenges of agriculture and entrepreneurship in Africa.

The Pierre Castel Award is one of these actions. Launched in 2018, this contest was created to support African agricultural entrepreneurship by identifying and supporting young agricultural entrepreneurs whose businesses actively contribute to the socio-economic and environmental development of their country. This 5th edition of the Award is organised in 6 African countries:

Algeria, Burkina Faso, Cameroon, Ivory Coast, Madagascar and the Democratic Republic of Congo.

Through this Award, the Fund and its partners share and defend a range of values including solidarity, recognition of merit, appreciation of effort and hard work, and a sense of initiative as well as audacity.

II – Award endowments

The prizes awarded in the framework of this contest are intended to support the growth of the companies selected for their quality and their impact on their economic, social and environmental environment. They also aim to promote the development of entrepreneurs, knowledge sharing and networking through the African Builders community.

The *Pierre Castel 2022 Award* rewards 36 entrepreneurs (6 per country).

- 🍀 **1st prize winner:** €15,000, a sponsorship and a coaching programme
- 🍀 **2nd prize winner:** €10,000, a coaching programme
- 🍀 **4 finalists:** Access to certified entrepreneurial e-learning courses with the International Trade Centre in Geneva (ITC).

Coaching sessions are carried out in collaboration with certified coaching organisations.

In partnership with the Inter-Academy Development Group (IADG), the 4 finalists from each country have the opportunity to compete for the Young Agricultural Achievers Award, which aims to celebrate the potential of African entrepreneurs and their positive impact on food systems. The rules and modalities of this contest will be made available to the finalists as of 1 September 2022.
